

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version	Revision Date:	SDS Number:	Date of last issue: 12/12/2025
5.1	12/15/2025	300000601483	Date of first issue: 07/05/2017

SECTION 1. IDENTIFICATION

Product name : AMBERMOR POWDER

CAS-No. : 6790-58-5

Sales Number : 00015375

Sales Number : 00015375

SDS Number : 300000601483

Recommended use of the chemical and restrictions on use

Product Use Description : Fragrance Ingredient

Manufacturer or supplier's details

Company name of supplier : IFF Inc.

Address : 600 Highway 36
Hazlet NJ 07730

Telephone : (732) 264-4500

Telefax : (732) 335-2551

E-mail address : sds@iff.com

Emergency telephone number : +1 800 424 9300

This telephone number is available 24 hours per day, 7 days per week.

SECTION 2. HAZARDS IDENTIFICATION

GHS classification in accordance with the OSHA Hazard Communication Standard (29 CFR 1910.1200)

Hazards for the product as supplied

Not a hazardous substance or mixture.

Other hazards

None known.

GHS label elements

No hazard pictogram, no signal word, no hazard statement(s), no precautionary statement(s) required.

SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

Substance / Mixture : Substance

Chemical nature : Ingredient used in Flavour and/or Fragrance preparations

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version 5.1 Revision Date: 12/15/2025 SDS Number: 30000601483 Date of last issue: 12/12/2025
Date of first issue: 07/05/2017

Substance name : AMBERMOR POWDER
CAS-No. : 6790-58-5

Components

Chemical name	CAS No./Unique ID	Concentration (% w/w)	Trade secret
ETHYL ALCOHOL	64-17-5*	>= 0.1 - <= 1	TSC

* Indicates that the identifier is a CAS No.

TSC- the actual concentration or concentration range is withheld as a trade secret

SECTION 4. FIRST AID MEASURES

General advice : Take Hazard and Precautionary phrases (section 2) into account.

If inhaled : Remove from exposure site to fresh air and keep at rest. Obtain medical advice.

In case of skin contact : Remove contaminated clothes. Wash thoroughly with water (and soap). Contact physician if symptoms persist.

In case of eye contact : Flush immediately with water for at least 15 minutes. Contact physician if symptoms persist.

If swallowed : Rinse mouth with water and obtain medical advice.

Most important symptoms and effects, both acute and delayed : None known.

Indication of any immediate medical attention and special treatment needed

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media : Carbondioxide, dry chemical, foam.

Unsuitable extinguishing media : Do not use a direct waterjet on burning material.

Specific hazards during fire-fighting : Water may be ineffective.

Further information : Standard procedure for chemical fires.

Special protective equipment for firefighters : Wear NIOSH approved self-contained breathing apparatus and full protective clothing when fighting fires involving chemicals. Use water spray to cool containers exposed to fire.

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version	Revision Date:	SDS Number:	Date of last issue: 12/12/2025
5.1	12/15/2025	300000601483	Date of first issue: 07/05/2017

SECTION 6. ACCIDENTAL RELEASE MEASURES

- Personal precautions, protective equipment and emergency procedures : Avoid inhalation and contact with skin and eyes. A self-contained breathing apparatus is recommended in case of a major spill.
- Environmental precautions : Keep away from drains, surface- and groundwater and soil.
- Methods and materials for containment and cleaning up : Clean up spillage promptly. Remove ignition sources. Provide adequate ventilation or exhaust. Avoid excessive inhalation of dust and vapours. Contain and recover free product. Dispose of according to the local regulations.

SECTION 7. HANDLING AND STORAGE

- Advice on protection against fire and explosion : Keep away from ignition sources and naked flame.
- Advice on safe handling : Avoid excessive inhalation of concentrated vapors. Follow good manufacturing practices for housekeeping and personal hygiene. Wash any exposed skin immediately after any chemical contact, before breaks and meals, and at the end of each work period. Contaminated clothing and shoes should be thoroughly cleaned before re-use.
- If appropriate, procedures used during the handling of this material should also be used when cleaning equipment or removing residual chemicals from tanks or other containers, especially when steam or hot water is used, as this may increase vapor concentrations in the workplace air. Where chemicals are openly handled, access should be restricted to properly trained employees.
Keep all heated processes at the lowest necessary temperature in order to minimize emissions of volatile chemicals into the air.
- Conditions for safe storage : Store in a cool, dry, ventilated area away from heat sources. Keep containers upright and tightly closed when not in use.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters

Components	CAS-No.	Value type (Form of exposure)	Control parameters / Permissible concentration	Basis
ethanol	64-17-5	STEL	1,000 ppm	ACGIH

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version 5.1 Revision Date: 12/15/2025 SDS Number: 300000601483 Date of last issue: 12/12/2025
Date of first issue: 07/05/2017

		TWA	1,000 ppm 1,900 mg/m ³	NIOSH REL
		TWA	1,000 ppm 1,900 mg/m ³	OSHA Z-1
		TWA	1,000 ppm 1,900 mg/m ³	OSHA P0

Engineering measures : Where feasible, isolate mixing rooms and other areas where this material is used or openly handled. Maintain these areas under negative air pressure relative to the rest of the plant. Where feasible, use closed systems to transfer and process this material

Personal protective equipment

Respiratory protection : Use local exhaust ventilation around open tanks and other open sources of potential exposures in order to avoid excessive inhalation, including places where this material is openly weighed or measured. In addition, use general dilution ventilation of the work area to eliminate or reduce possible worker exposures.

No respiratory protection is required during normal operations in a workplace where engineering controls such as adequate ventilation, etc. are sufficient.

If engineering controls and safe work practices are not sufficient, an approved, properly fitted respirator with organic vapor cartridges or canisters and particulate filters should be used:

- a) while engineering controls and appropriate safe work practices and/or procedures are being implemented; or
- b) during short term maintenance procedures when engineering controls are not in normal operation or are not sufficient; or
- c) if normal operational workplace vapor concentration in the air is increased due to heat ;
- d) during emergencies; or
- e) if engineering controls and operational practices are not sufficient to reduce airborne concentrations below an established occupational exposure limit.

Hand protection

Remarks : Avoid skin contact. Use chemically resistant gloves.

Eye protection : Use tight-fitting goggles, face shield or safety glasses with side shields if eye contact might occur.

Skin and body protection : Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.

Protective measures : In December 2003, the National Institute for Occupational

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version	Revision Date:	SDS Number:	Date of last issue: 12/12/2025
5.1	12/15/2025	300000601483	Date of first issue: 07/05/2017

Safety and Health ("NIOSH") published an Alert on preventing lung disease in workers who use or make flavorings [NIOSH Publication Number 2004-110]. In August 2004, the United States Flavor and Extract Manufacturers Association (FEMA) issued a report entitled "Respiratory Safety in the Flavor Manufacturing Workplace". Both of these reports provide recommendations for reducing employee exposure and for medical surveillance in the workplace. The recommendations in these reports are generally applicable to the use of any chemical in the workplace and you are strongly urged to review both of these reports. The report published by FEMA also contains a list of "high priority" chemicals. If any of these chemicals are present in this product at a concentration $\geq 1.0\%$ due to an intentional addition by IFF, the chemical(s) will be identified in this safety data sheet.

Hygiene measures : To the extent deemed appropriate, implement pre-placement and regularly scheduled ascertainment of symptoms and spirometry testing of lung function for workers who are regularly exposed to this material.
To the extent deemed appropriate, use an experienced air sampling expert to identify and measure volatile chemicals that could be present in the workplace air to determine potential exposures and to ensure the continuing effectiveness of engineering controls and operational practices to minimize exposure.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	: solid
Colour	: white to off-white
Odour	: conforms to standard
Melting point	: $> 167.00\text{ }^{\circ}\text{F}$ / $> 75.00\text{ }^{\circ}\text{C}$
Boiling point	: not determined
Flash point	: $> 321.80\text{ }^{\circ}\text{F}$ / $> 161.00\text{ }^{\circ}\text{C}$ Method: closed cup
Evaporation rate	: not determined
Upper explosion limit / Upper flammability limit	: not determined

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version 5.1	Revision Date: 12/15/2025	SDS Number: 300000601483	Date of last issue: 12/12/2025 Date of first issue: 07/05/2017
----------------	------------------------------	-----------------------------	---

Lower explosion limit / Lower flammability limit : not determined

Vapour pressure : Not applicable

Relative vapour density : not determined

Relative density : not determined

Density : not determined

Water solubility : not determined

Solubility in other solvents : not determined

Partition coefficient: n-octanol/water : not determined

Auto-ignition temperature : not determined

Decomposition temperature : not determined

pH : not determined

Viscosity, dynamic : not determined

Viscosity, kinematic : not determined

Oxidizing properties : not determined

Molecular weight : not determined

Assessment : not determined

Particle size : not determined

Particle Size Distribution : not determined

Specific surface area : not determined

Surface charge/Zeta potential : not determined

Shape : not determined

Crystallinity : not determined

Surface treatment /Coatings : not determined

SECTION 10. STABILITY AND REACTIVITY

Reactivity : No hazards to be specially mentioned.

Chemical stability : Stable under normal conditions.

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version 5.1	Revision Date: 12/15/2025	SDS Number: 300000601483	Date of last issue: 12/12/2025 Date of first issue: 07/05/2017
----------------	------------------------------	-----------------------------	---

Possibility of hazardous reactions	:	Presents no significant reactivity hazard, by itself or in contact with water.
Conditions to avoid	:	Direct sources of heat.
Incompatible materials	:	Avoid contact with strong acids, alkali or oxidizing agents.
Hazardous decomposition products	:	Carbon monoxide and unidentified organic compounds may be formed during combustion.

SECTION 11. TOXICOLOGICAL INFORMATION

Acute toxicity

Not classified based on available information.

Skin corrosion/irritation

Not classified based on available information.

Serious eye damage/eye irritation

Not classified based on available information.

Respiratory or skin sensitisation

Skin sensitisation

Not classified based on available information.

Respiratory sensitisation

Not classified based on available information.

Germ cell mutagenicity

Not classified based on available information.

Carcinogenicity

Not classified based on available information.

IARC	Group 1: Carcinogenic to humans ethanol
-------------	--

64-17-5

OSHA	No component of this product present at levels greater than or equal to 0.1% is on OSHA's list of regulated carcinogens.
-------------	--

NTP	No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.
------------	---

Reproductive toxicity

Not classified based on available information.

STOT - single exposure

Not classified based on available information.

STOT - repeated exposure

Not classified based on available information.

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version	Revision Date:	SDS Number:	Date of last issue: 12/12/2025
5.1	12/15/2025	30000601483	Date of first issue: 07/05/2017

Aspiration toxicity

Based on available data, the classification criteria are not met.

Product:

No aspiration toxicity classification

SECTION 12. ECOLOGICAL INFORMATION

Ecological information

Additional ecological information : Avoid contamination of soil, ground and surface water.

SECTION 13. DISPOSAL CONSIDERATIONS

Disposal methods

Waste from residues : Dispose of according to local regulations. Avoid disposing into drainage systems and into the environment.

Contaminated packaging : Place material into sealed containers and dispose of in accordance with local, state and federal regulations.

SECTION 14. TRANSPORT INFORMATION

International Regulations

IATA-DGR

Not regulated as a dangerous good

IMDG-Code

Not regulated as a dangerous good

Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code

Not applicable for product as supplied.

National Regulations

49 CFR

Not regulated as a dangerous good

Special precautions for user

Remarks : Not classified as dangerous in the meaning of transport regulations.

SECTION 15. REGULATORY INFORMATION

CERCLA Reportable Quantity

Listed substances in the product are at low enough levels to not be expected to exceed the RQ

SAFETY DATA SHEET

according to the OSHA Hazard Communication Standard

AMBERMOR POWDER

Version	Revision Date:	SDS Number:	Date of last issue: 12/12/2025
5.1	12/15/2025	30000601483	Date of first issue: 07/05/2017

SARA 304 Extremely Hazardous Substances Reportable Quantity

This material does not contain any components with a section 304 EHS RQ.

SARA 302 Extremely Hazardous Substances Threshold Planning Quantity

This material does not contain any components with a section 302 EHS TPQ.

SARA 311/312 Hazards : No SARA Hazards

SARA 313 : This material does not contain any chemical components with known CAS numbers that exceed the threshold (De Minimis) reporting levels established by SARA Title III, Section 313.

The components of this product are reported in the following inventories:

US TSCA : All substances listed as active on the TSCA inventory

TSCA list

No substances are subject to a Significant New Use Rule.

No substances are subject to TSCA 12(b) export notification requirements.
